Damn Me

Deathstars

I wanna watch you die as you speak those words to me
I wanna watch you die as you sell those words to pleaseWe were never your sheep to keep and guide or victims by your sideI, I never asked for the world that you brought me, never wanted it
I, I never asked for that lie so damn me as I say goodbyeyour tower falls as you bring it's bricks to me you want my visions but the sights are to dark to seeWe were never your sheep to keep and guide or victims by your sideI, I never asked for the world that you brought me, never wanted it
I, I never asked for that lie, so damn me as I say goodbyeI, I never asked for the world that you gave me
I, I never asked for the world that you brought me
