

# Way Down

## JKriv & The Disco Machine

Somebody tell me  
Where did I go wrong  
Oh, what a fool am I  
    Sometimes  
You can feel you don  
    't belong  
    Wanna die  
    Way down  
    I've been all the way  
And I know the reason why  
    Way down  
    Is the price I paid  
    Oh but now I realise  
    Somebody tell me  
    That you understand  
    Oh that I'm not alone  
    Sometimes  
When you need a helpin? hand  
    Oh I know  
  
    Way down  
    I've been all the way  
And I know the reason why  
    Way down  
    Is the price I paid  
    Oh but now I see a light  
    Way down  
    Way down  
    I?ve been all the way  
And I know the reason why  
    Way down  
    Is the price I paid  
    Oh but now I realise  
    Way down  
    I?ve been all the way  
And I know the reason why  
    Way down  
    Is the price I paid  
    I don't wanna go no more
