Promise Me Anything

Luba

promise me the moon
promise the sky
promise me this world
and the afterlife
you can shower me
with riches
temptation's fine
but it cannot feed
the hunger inside
[chorus]
you can promise me anything
promise me anything
you can promise me anything
but please give me love
sweet love
promise me the truth
no compromise
promise me nothing
if you can't oblige
you can shower me
with riches
temptation's fine
but it cannot feed
the hunger inside
repeat chorus
promise me one thing
promise you'll try
a little more love
and we'll get by
repeat chorus twice
