# Shadow (feat. O.S.)

## A.Tone Da Priest

(Verse O.S.)
Welcome to my nightmare, welcome to my dreams
My plans are to make it, so listen to my schemes
Its hard to be a giant when you feeling like a midget
Here I am pouring my soul but you dont get it
Momma warned me off days like this
Thoughts of selling my soul just to get rich
I shouldnt say that I put my soul at risk
But Lucifer be having good deals for a hit
YOU WANT TO GO PLATINUM GOLD OR DIAMOND
Saying that I dont want it I would be lying
But no Mr. Satan I am doing just fine
OK MOTHERFUCKER BUT ILL MEET YOU NEXT TIME
(Hook)
Shadow, shadow behind me
Wont you come along (2x)
(Verse A.Tone Da Priest)
Come along follow me, I will be
With you till the end to rise or descend
The road they shall send, me down to find my soul
What I lost in this life is the part of me thats whole
In the lights are my goals, the influence apparent
All my days in my possession yet I dont seem to care
Yet aware, let me see how good that it can be
Feed the tempting no redemption for those who align with me (or you)
