

# I Live With You (Instrumental)

## Grizzly Bear

Been gone too long  
Don't make me beg They'll try, they'll try  
They'll try to keep us apart  
They'll try  
They all try to keep us apart  
Just in case You brought us this far  
We'll do what we can Don't put me on  
Don't make me beg They'll try, they'll try  
They'll try to keep us apart  
You'll try, you all try  
You'll try to keep us apart  
With what we can You brought us this far  
We'll do what we can
