# Humorously Elongating the Title of This Song

## ChuggaBoom

Some call me the messiah, others call me just a man.
But no matter If you worship me or wanna tear me down
I'm gonna leave you trembling
FEAR ME.
Come at me IRL
FEAR ME.
I'm gonna tear you down.
FEAR ME.
I am the lord of breakdowns
FEAR ME.
I'm gonna steal your crown
FEAR ME.
You'll never even get close
For I am greater than the greatest thing you could ever dream.
I am the king of the zodiac the harbinger of beatdowns
The lord of all that screams.
The chuggalos are not just fans they are disciples.
And they are just waiting to preach my gospel.
We'll turn this industry around, prepare for the revolution now.
I walk amongst you and you'd never know, this is not even my final form.
I will elevate you to a better cause, so follow me you will see the Chugg life's the one to lead.
We will rise up to be the greatest ever thing.
We'll never, no not ever be defeated.
The chugg life's the only life I know and I'm gonna never let it go
become one of us, become one of us.
So I dare you to write an album as good as mine.
Because the level of geniusness would kill your mind.
I might let you be in my presence If I'm feeling kind.
But you would be my coffee bitch until you die.
Give me all your money and I might consider you one of us
And I promise you mums and dads, we are definetly not a cult.
I walk amongst you and you'd never know, this is not even my final form.
I will elevate you to a better cause, so follow me, you will see the Chugg life's the one to lead.
We will rise up to be the greatest ever thing. We'll never, no not ever be defeated.
The Chugg life's the only life I know and I'm gonna never let it go.
Become one of us, become one of us.
Some call me the messiah, others call me just a man.
But no matter If you worship me or wanna tear me down
You become one of us BITCH.

OH.
We will rise up to be the greatest ever thing.
We'll never, no not ever be defeated.
The Chugg life's the only life I know and I'm gonna never let it go.
Become one of us, become one.
