

# Ain't Gone and Open

## You Am I

Wide eyes show white  
White enough to shoot  
But if you ain't got the strength to fight it  
And you just can't hide it And I ain't gonna open my eyes anymore  
Ain't gonna open my eyes anymore Pale faces burn  
I would've thought by now we'd learn  
But every fool still waits their turn in  
The rotisseries turning Well, I ain't gonna open my eyes anymore  
I ain't gonna open my eyes anymore  
I ain't gonna open my eyes anymore
