

Westworld

Oxymoron

Imprisoned face to face in this strange artificial place
with free-wheeled criminals who carry knives and loaded guns
Aggravation's usual for the western world
Radio stations send their warning - red alert[chorus:]
In the Westworld
Concrete desert
In the Westworld
Endless strife to survive The leaders lost control, now violence and corruption rule
The fittest survive this zone, you wait until it catches you
Violation's common in the western world
Radio stations send their warning - red alert Imprisoned face to face in times all-out computerized
gunslingers prowl in troops this animated danger zone
Violation civilization
Savage desert, this is Westworld
Through the nation sounds the calling - red alert
Destination still unknown, maybe WW III
