

# Rhythm and Romance

Ella Fitzgerald

Rhythm and romance  
Romance and rhythm  
Taught me to sparkle anew  
Brought me dream-of-able you  
Sweetheart Rhythm and romance  
Romance and rhythm  
An inconceivable pair  
That gave our budding affair  
Its start The stars gleam  
The moon beams  
The skies seem to smile  
The breeze flies  
A tree sighs  
Please stay around a while Rhythm and romance  
Romance and rhythm  
A combination so real  
An invitation to steal  
Your heart Now the stars gleam  
The moon beams  
The skies seem to smile  
Oh, the breeze flies  
A tree sighs  
Please, stay around a while Rhythm and romance  
Romance and rhythm  
A combination so real  
Oh, oh, an invitation to steal  
Your heart
