

# Big Jet Plane

## Primal Scream

Fell from grace, I lost my faith  
Heart feels like a stone  
I'm payin' the price of a drunken night  
I'm wastin' in the twilight zoneBroke the spell, I hate myself  
The light of love don't shine  
A women's touch can cost too much  
I've lost my pearl messin' with swineFly me home on a big jet plane  
Fly me home through the thunder and rain  
Fly me home to the healin' hands  
Fly me home to the promised landPain won't quit, my head's in bits  
Desire as sin is a jail  
I'll make a vow and break a vow  
Oh, nothin' beats a try but a failFly me home on a big jet plane  
Fly me home through the thunder and rain  
Fly me home to the healin' hands  
Fly me home to the promised landFly me home on a big jet plane  
Fly me home through the thunder and rain  
Fly me home to the healin' hands  
Fly me home to the promised landTake me home on a big jet plane  
Take me home through the thunder and rain  
Take me home to the healin' hands  
Take me home to the promised landTake me home on a big jet plane  
Take me home through the thunder and rain  
Take me home to the healin' hands  
Take me home to the promised land  
Jesus Christ
