Release The Panic

Red

I don't mean to, to alarm you
Can't you see now, it overtakes you
You're declining, disintegrating
You're gonna lose it all, the time you're wasting
Breath in, breath out
Breath in, breath out
Breath in, Breath out
Blackout! Let your panic out!
Let it out, let it out, oh
Release the panic,oh, release the panic, oh
Get it out, get it out, get it out, oh
Release the panic, oh, release the panic
Cause you're trapped in the countdown

And your days are numbered
Don't you know that you're done for?
Right now, lights out, let your panic out!
You can feel it, but you're ignoring
It creeps up on you, without a warning
You think you're thriving, but you're decaying
You're gonna loose it all, there's no escaping
Feel it slip away, slip away
You know you're done for
You know you're done for
You can't get away, get away
You know you're done
You're done for!
