

# The Hardway (Remix)

## DC Talk

Some people gotta learn the hard way  
I guess I'm the kind of guy who has to find out for myself  
I had to learn the hard way, Father  
I'm on my knees and I'm crying for help Now, I've been high and I've been low  
I've been some places that you will not go  
I never thought there would come the day  
When I wished I never would've lived this way But I've been searching for a long, long time  
I thought the Devil was a friend of mine  
I turned my back on everything that was true  
And wasted years that belong to You Some people gotta learn the hard way  
I guess I'm the kind of guy who has to find out for myself  
I had to learn the hard way, Father  
I'm on my knees and I'm crying for help It took so long for me to see  
That I'm a victim of nature and me  
Left to myself, I realize  
I am the maker of my own demise But You accept me every time and again  
And never mention just how selfish I've been  
Why must it always take me so long to see  
That I have fallen but You will forgive me Some people gotta learn the hard way  
I guess I'm the kind of guy who's got to find out for myself  
I had to learn the hard way, Father  
I'm on my knees and I'm crying for Your help  
I need Your help Some people gotta learn the hard way  
I guess I'm the kind of guy who's got to find out for myself  
I had to learn the hard way, Father  
I'm on my knees and I'm crying The warning signs are like flares in the night  
Still I proceed my greed is in spite of the fire  
I know that's bound to burn  
Why is it that I always gotta learn the hard way? The hard way  
I had to learn the hard way  
The hard way, the hard way  
I had to learn the hard way
