

Dirty Sunshine

[Lillix](#)

Dirty black clothes
A spider creeping up the wall
Moldy pizza
Sits were I left it on the floor What that breeze upon my face
How did human make light You hit me, it all turns to sunshine, dirty sunshine
You walked in, it all turns to sunshine, dirty sunshine
I slammed the door and it shut the blends
Dirty sunshine I feel like shit now
But I dont mind 'cause its that time again
I'm in my sweat pants
And Im a mess, don't want to let you in 'Cause sweetness give me cavities
Your all I dont want to You hit me, it all turns to sunshine, dirty sunshine
You walked in, it all turns to sunshine, dirty sunshine
I slammed the door and it shut the blends
Dirty sunshine I dont wanna run in your merry go round
Stop picking me up when I want to be down
Smash my nails on the floor and Im not gonna say
What's that breeze upon my face? How did you belive my You, you walked in and it all shines bright
You, you walked in and it all shines bright You walked in, it all turns to sunshine, dirty sunshine
You hit me, it all turns to sunshine, dirty sunshine
I slammed the door and it shut the blends
Dirty sunshine You walked in and it all turns bright
Sunshine, dirty sunshine
