Outlast

Dear Frederic

Confidence always has to feel so wrong
Oh you got to check her out
No itâ€™s not an accident
Such a shame
Always has to take a stand
Who is gonna shut him up
Could be just an accident

I strive for peace at night
One by one theyâ€™ve seen what youâ€™ve been doing
So show me to the bright side
'Cause they remain short sighted

Have to take precautions not to slip away
Oh you got to sell me out
Iâ€™ll never gonna take the blame
To the lake swimming to the island so straight
Oh you got to spare me now
Could be just an accident

I strive for peace at night
One by one theyâ€™ve seen what youâ€™ve been doing
So show me to the bright side
'Cause they remain short sightedï»¿
