# Song #1

## Fugazi

Song number one is not a fuck you song
I'll save that thought until later on
You want to know if there's something wrong?
It's nothing. everybody's talking about their hometown scenes
And hurting people's feelings in their magazines
You want to know what it all means?
It's nothing.
Fighting for a haircut?
Then grow your hair
Crying for the music?
I doubt you really care
Looking for an answer?
You can find it anywhere
It's nothing.
Life is what you want it to be
So don't get tangled up trying to be free
And don't worry what the other people see
It's nothing.
