Arsenal

Kidneythieves

naive little pieces of what they tried to teach her quiet and protected slightly anorexic(She Waits) she's a time bomb, with her vibe on she's gonna use it and surprise them she's a time bomb, with her vibe on they'll never know where she got her weapon.they really don't believe her she keeps it all a secret found the Golden Muses doesn't need to prove it(She Waits) she's a time bomb, with her vibe on she's gonna use it and surprise them she's a time bomb, with her vibe on they'll never know where she got her weapon.naive little pieces she thought that they could see her but soon the Desert Pigs will know she's holding in an arsenal.(She Waits) she's a time bomb, with her vibe on she's gonna use it and surprise them she's a time bomb, with her vibe on they'll never know where she got her weapon. She Waits.
