

Secret Agent

Rory Gallagher

My baby's got a secret agent
To watch me like a hawk,
Well, my baby's got a secret agent
To watch me like a hawk
He know each time I leave my house,
He know each time I move around
Secret agent, won't you please take my advice?
Secret agent, secret agent
Won't you please head my advice?
You crossed me ounce, don't cross me twice
I'm going to cut you down to size
I'll make that man turn in his badge in the mornin'
I slip around but I'm too quick to catch in the morning
I'll make that man turn in his badge
I'll slip around him, I'm too quick to catch
No jealous woman is gonna keep tabs on me
Well she's got a secret agent,
And he's breathing down my spine,
Yes, she's got a secret agent
And he's breathing down my spine,
He must like working overtime
I think I'm always hard to find.
Secret agent, secret agent,
Gonna have a show down before long
Won't you listen, secret agent
We're gonna have a show down before long
I know you pack a forty-four,
I hope you know just what it's for
I hope you know just what it's for
Just keep my shadow from my door
