## Atomic Rooster

Please, take me out of this place,  
Yeah, I know I'm never gonna learn.

Please, take me out of this place,  
What I do with my life is my own concern. Please, take me out of this place,  
For I'll swear you'll never see me here again.

Please, take me out of this place,  
Though I know this life is driving me insane. Please, take me out of this place,  
Yeah, I know I'm never gonna learn.

Please, take me out of this place,  
What I do with my life is my own concern.
