

Ashes and Ghosts

The Cult

The ashes and ghosts are all around me, yeah
On the night of the assassins
They came and I was ready Do you believe? Oh, yeah
Do you believe? Oh I look around the world and see
The winged waifs powdered on a petal dust
I can't believe the sorcerer's dream has come
And never chosen one of us All around the atoms raging
I can see your magic's failing
I do believe, they're gonna get you
I do believe (Can't cast a spell on me)
Ashes and ghosts are all around me
(I don't believe in what you're saying)
Ashes and ghosts, they fill my heart
(No, no, no, no) (Can't cast a spell on me)
Ashes and ghosts are all around me
(Woah, woah, woah, woah)
(You broke the truth and now you're fading)
Ashes and ghosts, they fill my heart
(You're a fake, yeah you're a fraud) And the assassin's hand has planned
To pull the wings off every one of us, yeah
Cracked fairy heads are spinning down
The blood shot eyes, nostrils flared at us All around the atoms raging
I can see your magic's failing
I do believe they're gonna get you
I do believe (Can't cast a spell on me)
Ashes and ghosts are all around me
(I don't believe in what you're saying)
Ashes and ghosts, they fill my heart
(No, no, no, no) (Can't cast a spell on me)
Ashes and ghosts are all around me
(You broke the truth and now you're fading)
Ashes and ghosts, they fill my heart
(You're a dog, you're a fake, you're a fraud) (Can't cast a spell on me)
Ashes and ghosts are all around me
(I don't believe in what you're saying)
Ashes and ghosts, they fill my heart
(Whoa, oh, oh) (Can't cast a spell on me)
Ashes and ghosts are all around me
(You broke the truth and now you're fading)

Ashes and ghosts, they fill my heart
(Yeah you're fading, yeah you're fading, fading) Don't believe in what you're saying
Can't cast a spell on me, woah, woah, no, no, no
You broke the truth and now you're fading
Yeah you're fading, yeah you're fading, yeah you're fading
