

# Cutest Girl

Corey

Seen her walking by, lady caught my eye  
Girl was so divine got let her know  
I wanna make her mine, wanna spend my time  
Wanna give her everything she wants, bottom line  
Tell me how you feel, what's the deal for real?  
'Cause I gotta, I gotta know for sure  
Do you feel me like I feel you?  
Don't know what it is but there's something about you  
Is it her smile? Is it her clothes?  
Is it her style? I don't know  
She's so fine, blow your mind  
She's the cutest girl I ever seen, cutest girl I ever seen  
Is it her smile? Is it her clothes?  
Is it her style? I don't know  
She's so fine, blow your mind  
She's the cutest girl I ever seen, cutest girl I ever seen  
This girl was so sweet, sweet like candy  
Skin like cinnamon this girl was heaven sent  
She had light brown eyes, stood bout 4 foot 5  
Had me day dreaming, I just can't get her off my mind  
Like how a make her smile, can we talk while  
Would you mind if we hang out tell me are you down  
Do you feel me like I feel you?  
Don't know what it is but there's something about you  
Is it her smile? Is it her clothes?  
Is it her style? I don't know  
She's so fine, blow your mind  
  
She's the cutest girl I ever seen, cutest girl I ever seen  
Is it her smile? Is it her clothes?  
Is it her style? I don't know  
She's so fine, blow your mind  
She's the cutest girl I ever seen, cutest girl I ever seen  
Never thought I'd feel this way, till the day that she came  
Had me just wilding out, whatever she wants I'm down  
Never thought I'd feel this way, till the day that she came  
Had me just wilding out, whatever she wants I'm down  
Is it her smile? Is it her clothes?  
Is it her style? I don't know

She's so fine, blow your mind  
She's the cutest girl I ever seen, cutest girl I ever seen  
Is it her smile? Is it her clothes?  
Is it her style? I don't know  
She's so fine, blow your mind  
She's the cutest girl I ever seen, cutest girl I ever seen  
Is it her smile? Is it her clothes?  
Is it her style? I don't know  
She's so fine, blow your mind  
She's the cutest girl I ever seen, cutest girl I ever seen  
Is it her smile? Is it her clothes?  
Is it her style? I don't know  
She's so fine, blow your mind  
She's the cutest girl I ever seen, cutest girl I ever seen
