

Within You Without You

Cheap Trick

We were talking about the space between us all
And the people who hide themselves
Behind a wall of illusion, never glimpse the truth
Then it's far too late when they pass away
We were talking about the love we all could share
When we find it to try our best to hold it there
With our love, with our love
We could save the world if they only knew
Try to realize it's all within yourself
No one else can make you change
And to see you're really only very small
And life flows on within you and without you
We were talking about the love that's gone so cold
And the people who gain the world and lose their soul
They don't know, they can't see
Are you one of them?
