Love Lockdown

Kanye West

I'm not lovin' you the way I wanted to

What I had to do, had to run from you

I'm in love with you but the vibe is wrong

And that haunted me all the way homeSo you never know, never never know

Never know enough, 'til it's over, love

'Til we lose control, system overload

Screamin', "No, no, no, n-no!I'm not lovin' you the way I wanted to

See I wanna move but can't escape from you

So I keep it low, keep a secret code

So everybody else don't have to knowSo keep your love locked down, your love locked down

Keepin' your love locked down, your love locked down

I keep your love locked down, your love locked down

I keep your love locked down, you loseI'm not lovin' you the way I wanted to

I can't keep my cool, so I keep it true

I got somethin' to lose, so I gotta move

I can't keep myself and still keep you tooSo I keep in mind when I'm on my own

Somewhere far from home, in the danger zone

How many times did I tell ya for it finally got through?

You lose, you loseI'm not lovin' you the way I wanted to

See I had to go, see I had to move

No more wastin' time, you can't wait for life

We're just racin time, where's the finish line? So keep your love locked down, your love locked down

Keepin' your love locked down, your love locked down

I keep your love locked down, your love locked down

I keep your love locked down, you loseI'm not lovin' you the way I wanted to

I bet no one knew, I got no one new

Know I said I'm through, but got love for you

But I'm not lovin' you the way I wanted toGotta keep it goin', keep the lovin' goin'

Keep it on a roll, only God knows

If I be with you, baby I'm confused

You choose, you chooseI'm not lovin' you the way I wanted to

Where I wanna go, I don't need you

I've been down this road, too many times before

I'm not lovin' you the way I wanted toSo keep your love locked down, your love locked down

Keepin' your love locked down, your love locked down

I keep your love locked down, your love locked down

I keep your love locked down, you lose

You lose, you lose, you lose, you lose
