

Cody Macc

Cozz

Uh, got the whole city goin' crazy for me, whole world waitin' on me
Way I been recordin' lately, I'll be retired by the age of 40
Can't ignore me, you is just a hater if you ain't love me
Y'all can quit playin', bitches sayin' "Why you singin' Cody?"
Cause I'm tryna stack my Pringles, shorty, I ain't fuckin' wit' you hoes
Probably get a nigga killed, either that or be on Maury
Rather sit back, smoke a sack or just drink a 40
Man, this can't be life, this ain't seemin' real
I'm closer to my dreams and fantasy of chills on my skin
Gunnin' for them niggas claiming that they got the game on lock
All jokes aside I'm about to grab the key and peel
[?], somebody sweet talk me, I don't need a deal
Rap hard, add my signature, I need at least a mil'
I'm tryna feed the chil', tryin' to make at least killing
Crimes I at least repent, no snitchin'
Pigs make people squeal, keep it real
Niggas makin' it with connects and just decent skill
So with this type of hunger y'all ain't shit but some easy meals
Feelin' greasy still, holla at your boi
Name a nigga better than me, you ain't got one
I don't tell 'em that I'm sick, I let the snot run
Man, the whole world waitin' on a nigga
Got the whole city goin' crazy for me
Got the whole world waitin' for a nigga
Got the whole city goin' crazy for me
I got the whole city goin' crazy for me
I got the whole city goin' crazy for me
I got the whole world waitin' on a nigga
Man, the whole world waitin' on a nigga
I got the whole city goin' crazy for me
I got the whole city goin' crazy for me
Man, I'll be chillin' by the age of 40
Got the whole world...
Got the whole world...
Got the whole world...
Got the whole world...
Damn, uh
Hard to get grades to get into college
Where part of it is the party

And part of all the officers
Tell 'em to get up off of us
[?] got that [?], picked it up in Los Angeles
Picked it up from anonymous, no, we not snitchin'
Man, I'm 20 years old [?] your father with a slut
Daughter with a son that couldn't get to no colleges
What the fuck is you actin' fantastic for
It ain't a thing for me to get to clobberin'
Nobody slobberin' like, hell, Cozz is spittin'
Niggas is trippin', niggas is pimpin'
Niggas ain't gettin' no business, niggas is slippin'
I been tyin' my shoes
Niggas been trippin' up tryin' to win
Niggas been trippin', I'm sippin' my gin
I don't give a fuck my nigga, I'm in
Man, my...
Life, life
Been on some other shit
Who better than me
Nigga, not none
Not none
I'm just talkin' my shit
I'm the shit, bitch
Guess who waitin' for me
Got the whole world waitin' for a nigga
Got the whole city goin' crazy for me
Got the whole world waitin' on a nigga
Got the whole city goin' crazy for me
Got the whole city goin' crazy for me
Got the whole city goin' crazy for me
Man, the whole world waitin' on a nigga
Man, I'll be chillin' by the age of 40
Man, the whole city goin' crazy for me
Man, the whole world waitin' on a nigga
Man, the whole world waitin' on a nigga
Man, the whole world...
Man, the whole world...
Man, the whole world waitin' on a nigga
Man, the whole world...
Man, the whole city goin' crazy for me
City goin' crazy for me
