

# Run Away With Me

Shane Piasecki

So Take my hand baby  
Run away with me  
we will drive and drive for days  
and go dancing on the beach  
and youll drift away oh out into the sea  
and you will ride the waves oh  
ride them back to me  
yeah eh eh a  
alright

Ive got this girl she was so so beautiful  
so fine so unusual  
differnt from anybody else i know  
shes got the long dark hair  
and those bright green eyes  
and i can feel my heart melt  
everytime she smiles baby

i Dont know what happens next  
I havent read the story yet  
but i do know things will never be the same again  
and she said

so take my hand baby  
run away with me  
we'll go drive and drive for days  
and go dancing on the beach  
and we'll drift away oh  
out into the sea  
and we will ride the waves  
oh ride them back to me

yeah yeah alright  
feels good  
tonight

oh yeah  
Ive got this girl she was so mysterious  
had me feeling a little dilerious  
calling her a uferiar an i was walking in a zone

and she paints my picture on the utopian skyline  
with blue moons and golden stars  
that incedently shine  
baby

i Dont know what happens next  
I havent read the story yet  
but i do know things will never be the same again  
and she said

so take my hand baby  
run away with me  
we'll go drive and drive for days  
and go dancing on the beach  
and we'll drift away oh  
out into the sea  
and we will ride the waves  
oh ride them back to me

yeah yeah alright  
feels good  
tonight

oh oh oh oh  
oh oh oh oh

i Dont know what happens next  
I havent read the story yet  
but i do know things will never be the same again  
and she said

so take my hand baby  
run away with me  
we'll go drive and drive for days  
and go dancing on  
dancing on  
the beach
