Jenna Bush Army

Nerf Herder

There's a new leader in the lands
With a platform I understand
I saw her face in the magazine
She looks hot in her tight jeansKeep marching on
Solider of love
Jenna Bush army
(You can't stop her)
Jenna Bush ArmyShe's got the brains and the looks that kill
Want to see her butt on a ten dollar bill
Ready your vote for her ballot box
You've got to admit it she's a foxKeep marching on
Solider of love
Jenna Bush Army
(You can't stop her)
Jenna Bush Army, yeahI don't care who blows up the world
I only care about that girl
Men of America storm the election
When in doubt follow your erectionCall up your Congressman and say quote
"Sir, I'm horny and I vote"
Come ye rally round the flag
If you don't like her, you must be a fagJenna Bush Army
Jenna Bush Army, yeahJenna, Jenna, Jenna, Jenna
Jenna, Jenna, Jenna, Jenna
Bush, Bush, Bush
