

Scattered

Green Day

Well I've got some scattered pictures lying on my bedroom floor
Reminds me of the times we shared
Makes me wish that you were here
'Cause now it seems I've forgotten my purpose in this life
All the songs have been erased
Guess I've learned from my mistakes Well open the past and present now and we are there
Story to tell and I am listening
Open the past and present and the future too
It's all I've got and I'm giving it to you Well loose ends tied in knots
Leaving a lump down in my throat
Well gagging on a souvenir, live to tell another year
Well drag it on and on until my skin is ripped to shreds
Leaving myself open wide
Living out a sacrifice Open the past and present now and we are there
Story to tell and I am listening
Open the past and present and the future too
It's all I've got and I'm giving it to you If you got no one
And I've got no place to go
Would it be alright?
Could it be alright? I've got some scattered pictures lying on my bedroom floor
Reminds me of the times we shared
Makes me wish that you were here
'Cause now it seems I've forgotten my purpose in this life
Well all the songs have been erased
Guess I've learned from my mistakes Well open the past and present now and we are there
Story to tell and I am listening
Open the past and present and the future too
It's all I've got and I'm giving it to you
It's all I've got and I'm giving it to you
