War Within A Breath

Rage Against The Machine

Southern fist
Rise through the jungle mist
Clenched to smash power so cancerous
Black flag and a red star
A rising sun loomin' over Los Angeles
'Cuz of raza livin' in La La
Like Gaza to the dawn intifada
Reach for the lessons the masked pass on
Seize the metropolis
It's you it's built on
Everything can change on a new years day
Everything can change on a new years day
Everything can change on a new years day
Everything changed on a new years day
War within a breath
It's land or death
War within a breath
It's land or death
War within a breath
It's land or death
War within a breath
Shots heard, underground round the rapture
Worlds eye captured
At last a Mexican pasture
Masked screaming land or death within a breath
A war from the depth of time
Shot four puppet Governors in a line
Shook all the world bankers
Think they can rhyme
Shot the landlords who knew it was mine
Yes, a war from the depth of time
Everything can change on a new years day
Yes, everything changed on a new years day
Everything can change on a new years day
I can predict a change on a new years day, come on
War within a breath
It's land or death
War within a breath
It's land or death

War within a breath
It's land or death
War within a breath
It's land
It's land or death
War within a breath
It's land or death
War within a breath
It's land or death
War within a breath
It's land or death
War within a breath
It's land or death
