

Wait For Me

Tiny Animals

Darling, tell me you love me
Always, I'll be your man forever
Never forget these old days
Wait for me, won't you Rogue waves crashing, sharp blades slashing
Choke on poison, Get these boys done
Tough turns tender, sweet surrender
False words spoken, are we broken? Darling, tell me you love me
Always, I'll be your man forever
Never forget these old days
Wait for me, won't you I will go on, fighting for your heart
As you wish
