Testing the Water

Thompson Square

I don't know where this is going
But I know what I've been thinking since the sun started sinking down
I wanna take you where the vines grow up in the trees
We can roll up our jeans and figure this outOh oh oh
Bring your bare feet
Oh oh oh
Come with meDown by the river we're testing the water
Tryin to cool off but its just getting hotter
Let's take a little walk out on the limb
Close our eyes and jump in
If we're gonna fall, let's cannonball
Make a few waves and swim out a little bit farther
In the harbor
You and me baby testing the waterThe stars are hanging low enough for us to touch
And sure enough we're gonna closer tonight
We've been feeling what we're feeling
When I said what we're meaning
No more beating round the bushes alright
AlrightOh, oh, oh
Are you ready
Oh, oh, oh
Come with meDown by the river we're testing the water
Tryin to cool off but its just getting hotter
Let's take a little walk out on the limb
Close our eyes and jump in
If we're gonna fall, let's cannonball
Make a few waves and swim out a little bit farther
In the harbor
You and me baby testing the waterDown by the river we're testing the water
Tryin to cool off but its just getting hotterDown by the river we're testing the water
Tryin to cool off but its just getting hotter
Let's take a little walk out on the limb
Close our eyes and jump in
If we're gonna fall, let's cannonball
Make a few waves and swim out a little bit farther
In the harbor
You and me baby testing the waterJust testing the water
