

Like A Rat Does Cheese

Green Day

[Sung by Tre Cool]Suck my dick until your lips fall off.

Don't make me ask again please.

Put it down your throat until it makes you cough.

Nibble on my dick like a rat does cheese.Well you're from the south your a special kind of girl.

Put my nuts in your mouth just like you was a squirrel.

Work on the shaft, cradle on the balls.

Baby just don't bite it, get it on get it on.Suck my dick until your lips fall off.

Don't make me ask again please.

Put it down your throat until it makes you cough.

Nibble on my dick like a rat does cheese.Well why don't you go down and a hook a brother up?

Swallow it on down or spit it in a cup.

Wipe it on your t-shirt let it dribble down your chin.

Smoke a couple Newports and suck that dick again.Suck my dick until your lips fall off.

Don't make me ask again please.

Put it down your throat until it makes you cough.

Nibble on my dick like a rat does cheese.
