

Ginnungagap

Therion

Fall deep into Void
(in the) black hole of Nothing

Hail, Flow of Vergelmar
Hail, Flow of Vergelmar
Hail, Flow of Vergelmar
Hail, Old Void!

Hail, Flow of Vergelmar
Heat of creation
Hail, Flow of Vergelmar
Hail, Old Void!

Spark in the Nothingness
Heat of creation
Make the ice start to melt
life wake up in the void.

Ymer is born, fire and ice
Chaos will form, Megin will rise

Fader Ymer drack fran urkon
En strom av mjolk som gav oss liv.

Oppna gapet i ryndend mitt
Floda av blod fran Ymers krypt
Varldar skapas utav hans kott
Nio (till) antal pa Yggorasil.

Ymers gap - Ymers runa
Ymers ond - Ymers urlag
