## Concrete Blonde

Sheep are running scared tonight  
The cows are coming home  
They cling together terrified  
Afraid to be alone The bees are buzzing around their queen  
Waiting for a word  
The [Incomprehensible] are [Incomprehensible] the scene  
Collectively absurd They're looking for Jesus, they're looking for more  
Just what are they looking up here to me for  
They're looking for someone, they're looking for Christ  
They're looking for some human sacrifice It looks like Jonestown  
It looks like Jonestown  
It looks like Jonestown  
It looks like Jonestown They don't know who to run to  
And they don't know where to go  
Unless you tell them what to think  
They don't know what they know Repeating the commercial  
Or something they have heard  
From someone, not they, someone else  
Somebody good with words I think they're looking for an answer, they're looking for more  
Just what are they looking up here to me for  
They're looking for Jesus, they're looking for Christ  
They're looking for some human sacrifice It looks like Jonestown  
It looks like Jonestown  
It looks like Jonestown  
It looks like Jonestown They are looking for an answer, looking for more  
Just what are you looking up here to me for  
They're looking for Jesus, they're praying for Christ  
They are looking for some human sacrifice It looks like Jonestown  
It looks like Jonestown  
It looks like Jonestown  
It looks like Jonestown Jonestown  
Jonestown  
Jonestown  
Jonestown
