

# Melt Away

[nadjana](#)

iÂ´ll stop, dont get me wrong,  
iam a little bit out of the sight,

now iam stuck,  
bring my mind so high that i can see the skies,

do you see,  
i melt away and when i fell, i fell for you,  
this could be,  
a station at the sea,

do you see,  
i melt away and when i fell, i fell for you,  
this could be,  
a station at the sea,

do you see,  
i melt away and when i fell, i fell for you,  
this could be,  
a station at the sea,

iÂ´ll stop, dont get me wrong,  
iam a little bit out of the sight,

now iam stuck,  
bring my mind so high that i can see the skies,

do you see,  
i melt away and when i fell i, fell for you,  
this could be,  
a station at the sea,
