

# So Irate

## Delilah

Take my hand, hold on tight  
Don't feel shame if you like  
You and I, we are safe,  
So high to play these games with me When you give me so irate  
Make me wait for you  
The time it takes to hate always fades too soon  
Cause I could tell that you want me when...  
So why did you make me wait  
Keep me so irate, So irate, so irate  
Boy you!  
You're so irate, so irate  
Boy you! I'll start fight for...  
Seems like I'm half away to fall from you  
You always seem to keep me so irate Make me wait for you  
The time takes to... always fades too soon!  
Cause I can tell that you want me when...  
So I... keep me so irate, So irate, so irate  
Boy you!  
You're so irate, so irate  
Boy you!  
(Kiss me so) so irate  
(Kiss me so) so irate  
Boy you!  
(Kiss me so) so irate  
(Kiss me so) so irate  
Ay, ay, ay, ay  
(Kiss me so) so irate  
(Kiss me so) so irate  
(Boy you)  
(Kiss me so) so irate  
(Kiss me so) so irate  
(Boy you)
