Once

Cursive

Once a liar, always a liar.
Once a cheater, always a cheater.
Once a day you'll remember her death.
Once you'll love but you'll love once too many.Just this once.
Just this once.I forget who you're with hon, Where's your heart sleep this week?
Who's your baby, your hookup, your mama, your sugardaddy?
Once you're guilty you'll carry your due.
Once you threw out your heart, there's no refill.
Once you told me you loved too much.
Once you start it's never herself.Just this once.
Just this once.
Oh..Once a liar, always a liar.
Once a cheater, always a cheater.
Once a day you'll remember her death.
Once you'll love but you'll love once too many.Just this once.
All right...
Just this once.
