Hold Your Fire

Firehouse

I'm like a loaded gun I got you in my sight And you're the only one I want to shoot tonight Ready an' able the trigger to fire Locked on target for my desire Got you covered and there's nothin' that you can doBut say Hold your fire Hold your fireI'm speedin' like a bullet never miss my mark With infrared eyes that can see in the dark Actions semi automatic satisfaction the instant I hit I got you covered and there's nothin' that you can doBut say Hold your fire Hold your fireHold your fire Hold your fireHold your fire Don't make me fire Hold your fire Only desire Hold your fire Your desireHold your fire
