

OMG Your Love for Me

Rocket Me Nowhere

Jesus You're strong like the Incredible Hulk
Your love is like Sam's Club it comes in bulk
You gave your life so that I could be free
Start my heart is what I pray Your love is the only way
I don't see you but i can find you.
In every little thing that makes me say.
OMG Your love for me
Lifts me high
Like a rocket in the sky
Write my life like a movie
It's shines right through technicolored thoughts of You
Salvation the movie would be in 3D
We'd all go and see it cause the glasses are free
Now every bad thing that I've done is no more
Your grace you gave to everyone life in me has just begun
I'm acting dumb now
You keep me somehow
The way you are just makes me say
OMG Your love for me
Lifts me high
Like a rocket in the sky
Write my life like a movie
It's shines right through technicolored thoughts of You
I know that you will brb to take into Eternity
OMG Your love for me
Lifts me high
Like a rocket in the sky
Write my life like a movie
It's shines right through technicolored thoughts of You
