

Another Star

Cedar Walton

La la la la la la la la

La la la la la la la la

La la la la la la la la

La la la la la la la la

For you

There might be another star

But through my eyes the light of you it's all I see

For you

There might be another song

But all my heart can hear is your melody

So long ago my heart without demanding

Informed me that no other love could do

But listen did I not though understanding

Fell in love with one

Who would break my heart in two

For you

Love might bring a toast of wine

But which each sparkle know the best for you I pray

For you

Love might be for you to find

But I will celebrate our love of yesterday

So long ago my heart without demanding

Informed me that no other love could do

But listen did I not though understanding

Fell in love with one

Who would break my heart in two

For you

There might be another star

But through my eyes the light of you it's all I see

For you

There might be another song

But in my heart your melody will stay with me
