

Breathe You Out

Charice

We were driving along
But it felt like I was alone
Cause you and I weren't right
You can cut me out with a knife We had to pull of the road
Cause I felt like something was wrong
A slow leak on the driver side in the middle of nowhere
Day's finally night I breathe in, I breathe out
Gonna get a grip
We're done, no doubt
Was it worth the trip
I breathe in, I breathe out
I'm trying
Ain't gonna let you suffocate me
No matter how long it takes
I gotta breathe you out, out, out
Out, out, out So we finally got home,
A long day, I was tired from the road
It's gonna be a long night,
As I toss and turn to hold you tight You've got me breathin' all wrong
Even though that it's time to move on
Took a while to realize
So we're goin' nowhere fight after fight I breathe in, I breathe out
Gonna get a grip
We're done, no doubt
Was it worth the trip
I breathe in, I breathe out
I'm trying
Ain't gonna let you suffocate me
No matter how long it takes
I gotta breathe you out Runnin' and changin', holdin' and waitin'
For love to come back when it's already fadin'
How we wasted too many risks
In this relationship (in this relationship) Lookin' for ways to get over the pain
Remember to breathe again and again
Gonna be strong
Breathe in, breath out I breathe in, I breathe out
We're done, no doubt
Was it worth the trip
I breathe in, I breathe out

I'm trying
Ain't gonna let you suffocate me
No matter how long it takes I gotta breathe you out
Gonna get a grip
We're done, no doubt
Was it worth the trip
I breathe in, I breathe out
I'm trying
Ain't gonna let you suffocate me
No matter how long it takes
I gotta breathe you out, out, out
Gotta breathe out gotta breathe you out, out.
