

Won't Change

Frankie J

I was young, I was dumb
Didn't know wha I was thinkin'
Use to think that I could rule the world
That's the way, I be livin'
Fast cars always shoppin' at the malls
Never caring for your heart
Always with my friend, yeah'Till you came along
And opened up my eyes
You asked me wha was goin' on
Seemed that I had changed inside, oh mySaid I was tripin'
And slowly slippin'
In another bad situation
And I said to myself
I don't wanna go that route'Cuz I don't wanna loose you, babe
You know that I'm still down
I don't wanna loose you, babe
Just keep me on the groundI don't wanna loose you, babe
You know that I won't change
'Cuz for you I'll do anythin' and everythin'
You know that I won't change a thingYou're my moon,you're my sun
You're my stars you are my everythin'
And I'm sorry if I haven't made
You feel that way, okayI've been a fool I know its true
And I gotta make it, up to you, babe
I gotta show you that I still
Acknowledge you'Cuz now you've come along
And opened up my eyes
You asked me wha was goin', on
Seemed that I had changed inside, oh mySaid I was tripin'
And slowly slippin'
In another bad situation
And I said to myself
I don't wanna go that route'Cuz I don't wanna loose you, babe
You know that I'm still down
I don't wanna loose you, babe
Just keep me on the groundI don't wanna loose you, babe
You know that I won't change
'Cuz for you I'll do anythin' and everythin'
You know that I won't change a thingOoh, I love you more than anythin'

Ooh, for you I won't change a thing
Ooh, girl you know I'm still the same
'Cuz I'll always be there for you
And you'll always be there for me
Yeah, oh yeah 'Cuz I don't wanna lose you, babe
You know that I'm still down
I don't wanna lose you, babe
Just keep me on the ground I don't wanna lose you, babe
You know that I won't change
'Cuz for you I'll do anythin' and everythin'
You know that I won't change a thing 'Cuz I don't wanna lose you, babe
You know that I'm still down
I don't wanna lose you, babe
Just keep me on the ground I don't wanna lose you, babe
You know that I won't change
'Cuz for you I'll do anythin' and everythin'
You know that I won't change a thing You know that I won't
You know that I won't
You know that I won't
You know that I won't Yeah, let's go, from the the start of it all
You were there for me
Before the Range and the Benz
Before everything, uh Mamba those nights
No lights no food on the stove
Just me just you
And a baby to hold, whoh And now you sayin' me and you
That we strayed away
And that we haven't been the same
Since the money came But the money means nothin'
If I don't have you, uh uh
To support and back me
In everythin' that I do 'Cuz if you ain't there
Then why am I here, tell her
Please understand
That I care, uh 'Cuz I don't wanna lose you, babe
You know that I'm still down
I don't wanna lose you, babe
Just keep me on the ground I don't wanna lose you, babe
You know that I won't change
'Cuz for you I'll do anythin' and everythin'
You know that I won't change a thing 'Cuz I don't wanna lose you, babe
You know that I'm still down
I don't wanna lose you, babe
Just keep me on the ground I don't wanna lose you, babe
You know that I won't change

'Cuz for you I'll do anythin' and everythin'
You know that I won't change a thing
