The Paul Butterfield Blues Band

Train arrive, it's sixteen coaches long
Train arrive, it's sixteen coaches long
Well, that long black train take my baby and goneMystery train, rollin' down the track
Mystery train, rollin' down the track
Well, it took my baby, people it won't be coming backTrain, train, rollin' 'round the bend
Train, train, rollin' 'round the bend
Well, it took my baby, people it won't be back againTrain arrive, it's sixteen coaches long
Train arrive, it's sixteen coaches long
Well, that long black train take my baby and gone
