Lethal

ADINAH

Have a date
He was addicted to my contemps
my footstep gave him break
I didn't mean to
But i didn't stop it
This black widow complex gives me such a riot

Pre-chorus:
I know it is wrong
To string you alone
But you dont seem to mind

Reff:
Lethal lethal like the sin
Tearin up your enzim
And now it's pulling out of you in
Oh yes
I'm lethal poison on your skin
Want you get a taste of me
You want it all over and over and over

Reverend
He was conflicted
Fall my name
Quickly resolved I chose to play the
A fairy tale romantic
You boys know what you like

Bridge:
Again
Again
Bullet straight to your heart
(I'm lethal)
Bullet straight to your heart
(I'm lethal)
Bullet straight to your heart
