

My Lovely

Mikeschair

Why do you wait for me
And how do you wait for me?
I'm feeling alone without you here in my arms
I'm lost and alone without you here by my side, ohhHere's a song for you lovely
Remember that it is
For you only, for you onlyWhy do you wait on me
And how do you wait on me?
I'm feeling alone without you here in my arms
I'm lost and alone without you here by my side, ohhHere's a song for you lovely
Remember that it is for you only, for you only
My heart was caught in a landslide
And now it feels for you only, for you only, yeahHere's a song for you lovely
Remember that it is for you only, for you only
My heart was caught in a landslide
And now it feels for you only, for you only, yeah
