K-Machine

Bolt Thrower

Erasing all known species
Extincion seen
Corrupting with intent
Inhuman kill machine
Superior objectives
Precedence
Killing fields of continents
Attack the best defenceWith duty first, directed by your decree
Bleak world divisional, man the last enemyVictims on the threshold
Casualties of greed
Dreaming to survive
Mankind now born to breed
Reinforced without belief
Dominance as one
Dictator, sanctify all
Prey to noneWith duty first, directed by your decree
Bleak world divisional, man the last enemyCarnivorous deception
A dark ability
Zero tolerance evolves
Mass fatalities
Arrogant compulsion
Towards a violent end
When youre digging your own grave in ignorance
You alone descendThe last hunter prevails
Overlord - imposing will
Another life, one more to grieve
Status: probable kill confirmed
