

# The Lamb

## The Sixteen, Harry Christophers

You go west  
Where they won't find you  
With your mother's breast  
And the poison arrows  
'Cause you see black  
And I see shadows  
I am the lamb  
And I'm a dead man  
They'll take my name  
And feed my children  
With my remains  
In the holy temple  
'Cause I am the lamb  
And I'm a dead man  
I am the lamb  
And I'm a dead man
