

Pretty Electric

Division of Laura Lee

Electric, Im not your toy
Electric You're not on my list
Ill guess you won't resist, hey
'Cause you leave it all to trust
You ain't got shitLike radio hits
It's such a myth, yeah
You stole it all
You stole it all prettyElectric, Im not your toy
Electric You can't make me feel
What ain't real, yeah
'Cause all the things you did
To tried to beat me down to the ground, yeah
To the ground, ohYou stole it all
You stole it all prettyKnew your stones won't beat me down
Sweetest way to make you all
Kick and scream, set me free, higher me totally'Cause I knew your stones won't beat me down
Sweetest way to make you all
Kick and scream, set me free, higher me totallyYou're not on my list, hey
Ill guess you won't resist, oh
'Cause you leave it all to trust
You ain't got shitIt's pretty electric
It's pretty electric
It's pretty electric
PrettyKnew your stones won't beat me down
Sweetest way to make you all
Kick and scream, set me free, higher me totally'Cause I knew your stones won't beat me down
Sweetest way to make you all
Kick and scream, set me free, higher me totally'Cause I knew your pretty electric
