

Ending In Tragedy (Acoustic)

New Found Glory

I tried to save us
But little did I know
You are a speeding train off track
With little time to go I tried everything
Tried so hard to let you know
But now I'm on my last thread
Pulling away to know I'm real Yeah, now it's our time
And now it's our time
And I'll see you on the other side Beneath your skin
There's another side to you
You build up city walls
So I never get through
You build up city walls
So I can never get through
