

Thinking 'bout Somethin'

Hanson

Well I gave you love, you know it
So when did you outgrow it
And decide that you would find another man?
Well you've been out there shakin'
Tell the boys you're chasin'
When you get home that I'll be the bigger man
I've been thinkin' 'bout somethin'
I've been thinkin' 'bout somethin' other than you
I ignored your reputation
'Cause you sent my heart racing
You think I would always be the fool
Well I've run out of patience
For this sticky situation
You won't find me crying now we're through
I've been thinkin' 'bout somethin'
I've been thinkin' 'bout somethin' other you
It's sad to say, but baby everyday
I've been thinkin' 'bout somethin'
I've been thinkin' 'bout somethin' other than you
It's sad to say, hey
Well if you're not too proud to beg
I can give you some respect

That tune you're humming is never gonna change
You didn't have to do what you did
I didn't think you would end it like this
'Cause the love I've got is better than what you gave
Well I've got girls in line
Waiting for these arms of mine
Listen up to what I say
I've been thinkin' 'bout somethin'
I've been thinkin' 'bout somethin' other than you
It's sad to say, but baby everyday
I've been thinkin' 'bout somethin'
I've been thinkin' 'bout somethin' other than you
I've had enough of your jaded love you give me everyday
I tried to limit the lonely nights
But darlin' please, c'mon c'mon
I'm not gonna make that same mistake

You've been out there foolin', but I'm not thinkin' 'bout you
I've been getting a love that moves me, while you've been getting around
You've been out there foolin', but I'm not thinkin' 'bout you
I've been getting a love that moves me, while you've been getting around
You've been out there foolin', but I'm not thinkin' 'bout you
I've been getting a love that moves me, while you've been getting around
