Don't Be a Stranger

Marcelo Zarvos

-VERSE 1-
I shouldn't be alone with you tonight,
desire was to strong to put up a fight,
i don't understand the way i feel although it feels so right
i really shouldn't be here tonight

-VERSE2-
in your eyes there's a sign of intensity
i sense an atmosphere
no need to hide from the way that you feel inside
there's nothin left to fear

CHORUS
if only for tonight (dont be a stranger)
i want to take this chance risk it all for you
knowing what I'm gonna do
if only for tonight (dont be a stranger)
i want it all from you tonight

-VERSE 3-
your on my mind all of the time
i really shouldn't stay with you tonight
but the more and more i think of it
the more it just seems right
i really shouldn't be here tonite

-VERSE 4-
now i find i don't know who i really am
I'm lost without a trace
so take me high take me low
anyhow you know
and help me if you can

CHORUS

-VERSE 5-
why i don't know I'm into deep to say no
hold me close don't let me go
i want to take this chance
risk it all for you

its what I'm gonna do

CHORUS x2
