

Blackman in Effect

Boogie Down Productions

Wake up!

Take the pillow from your head and put a book in it.

It's time for the massive BDP crew at the top of the pile. Yo. In the morning I'm yawning at noon is when I
wake up

Make up my bed break up the bread and said

Scratching my head why am I so damn intimidating?

Is it because of laws designed to keep us waiting and waiting

Thus hating all forms of a setback

Get back if you can't understand a rap act.

This is the language of the people ready to hear the crew

I've got no juice, 'cause I'm not getting juiced

To have juice means you kiss and lick a lot of booty

To have respect means you simply new or newly

Heard what I had to say and felt as though you'd say that too

I'm not down with a juice-crew

But anyway I say today the message I create is great

I don't preach hate, I simply get the record straight

It's not the fault of the black race that we are misplaced

We're robbin' and killin', your own medicine you taste

You built up a race on the concept of violence

Now in '90 you want silence

Well, I want science, not silence but science

Scientific fact about black

The board of education acts as if it's only reality

Is talking 'bout a Tom, Dick and Harry

So now you learn your black history is questions and answers

Every question but the Black Panthers

Timbuctoo existed when the caveman existed

Why then isn't this listed

Is this because the blackman is the original man

Or does it mean humanity is African

I don't know, but these sciences are hidden

For some strange reason it's forbidden

To talk about, or converse on a political outburst

I don't believe that I'm the first

Or should I say the first one, or the first one that's done

Music like I'm still number one

Music like that or this is the incredible uplift

Those that oppose get dissed

But who will oppose the teacher when society's a wreck
So check the blackman's in effect Near the Tigris and Euphrates Valleys in Asia
Lies the Garden of Eden
Where Adam became a father to humanity
Now don't get mad at me
But according to facts, this seems just fantasy
Because man, the most ancient man
Was found thousands of years before Adam began
And where he was found, again they can't laugh at ya
It's right, dead, smack in Africa
But due to religious and political power
We must be denied the facts every hour
We run to school, tryin' to get straight A's
Let's take a trip way back in the days
To the first civilization on Earth, the Egyptians
Giving birth to science, mathematics and music
Religion, the list goes on, you choose it
Egypt was the land of spiritual blessing
Egypt was the land of facts, not guessing
People from all over the world had come
To learn from Egypt, Egypt number one
So people that believe in Greek philosophy
Know your facts, Egypt was the monopoly
Greeks had learned from Egyptian masters
You might say "Prove it", well here's the answers
640 to 322 b.C. originates Greek philosophy
But in that era Greece was at war
With themselves and Persia, what's more
Any philosopher at that time was a criminal
He'd be killed very simple
This indicates that Greece had no respect
For science or intellect
So how the hell you created philosophy
When you kill philosophers constantly
The point is that we descend from kings
Science, art and beautiful things
African history is the world's history
This is the missing link and mystery
Once we realise they all are African
White will sit down with black and laugh again
So judge not least ye might be judged
By the judgement ye judge, ye shall be judged
Matthew seven, first verse doesn't budge
No man should walk the Earth and sludgez
if you don't believe, you can go and check

To see how and where the blackman's in effect
